

# AMBIENT AIR MONITORING RLA

## compact / multichannel

**RLA compact**  
gas measuring computer for  
up to 4 transmitters

**Transmitter**  
(example)

**RLA multichannel**  
gas measuring computer for  
up to 16 transmitters

### Ambient Air Monitoring System for the detection of combustable and toxic gases or oxygen (O<sub>2</sub>).

#### Benefits:

- connection of up to 4 transmitters (RLA compact) and respectively 16 transmitters (RLA multichannel) for different gases
- easy programming of the measurement range, the measurement designation, the type of transmitter and the type of gas can be set individually as well as three alarm thresholds
- 6 internal relays, 4 of them freely programmable (RLA compact), respectively 8 internal relays and 6 of them freely programmable (RLA multichannel)
  - allocation of one or more measurement points to relay
  - single alarm per measurement point
  - single alarm per alarm threshold
  - configuration of collective alarm and group alarm
  - error report and voting function
- large illuminated graphic display with traffic light function for continuous visual monitoring of the gas concentration
- with integrated alarm transmitter (signal light and -audible alarm)
- easy wall mounting
- RLA multichannel additionally:
  - max. 20 cable glands
  - connections for alarm easily accessible on fore front

#### Transmitters:

- with status and function display
- long lifetime of sensors
- setting without opening of housing via keystroke
- on site alarm by integrated horn (optionally)

#### Options:

- 2GB micro SD memory card for saving measurement values, averages, alarm events and errors in individual intervals
- flow-through adapter for sensor check and calibration

#### Components:

1. Control and Display Unit
2. Transmitter/s
3. Transmitter cable for connecting of Transmitter and Control Unit

#### Caution!

**The unit must be calibrated regularly also at initial startup!**

# AMBIENT AIR MONITORING RLA

## compact / multichannel

<u>Gas measuring computer:</u>	RLA compact	RLA multichannel
<b>Gases</b>	combustible and toxic gases, oxygen (O <sub>2</sub> )	
<b>Input signal</b>	0.2 to 1 mA and 4 to 20 mA	
<b>Output signal</b>	4 to 20 mA	
<b>Alarm contacts</b>	<ul style="list-style-type: none"> <li>- 6 relay each having one NO contact there of</li> <li>4 volt-free relay contacts for activation of external devices at alarm limits 1, 2, 3 and system fault</li> </ul> <p>Rated: 230 V / 4 A Please indicate with order whether the relay contacts shall be normally open (NO) or normally closed (NC)</p>	<ul style="list-style-type: none"> <li>- 8 relay each having one changeover contact there of</li> <li>6 volt-free relay contacts for activation of external devices at alarm limits 1, 2, 3 and system fault</li> </ul>
<b>Interfaces</b>	RS485 mini-USB socket	
<b>Function keys</b>	acknowledgement of alarm; built-in test and check of measurement range and calibration; relay function test	
<b>Display</b>	<ul style="list-style-type: none"> <li>- graphic screen for display of gas concentration and parameters</li> <li>- additional digital menu item display</li> <li>- 13 LEDs</li> </ul>	<ul style="list-style-type: none"> <li>- 15 LEDs</li> </ul>
<b>Safety</b>	indicating of operating status, system fault and alarms 1, 2 and 3 continuous self check of processor function, excessive / low voltage, cable fault, transmitter function	
<b>Housing</b>	plastics, IP65	
<b>Weight</b>	890 g	2.0 kg
<b>Dimensions (HxWxD)</b>	180 x 209 x 64 mm (without connections)	290 x 270 x 98 mm (without connections)
<b>Voltage</b>	230 V AC or 24 V DC	

### Transmitters:

<b>Measured gas</b>	oxygen (O <sub>2</sub> ) 0 - 25% (Vol.), electrochemical sensor; carbon dioxide (CO <sub>2</sub> ) 0 - 5% (Vol.), Infrared-sensor; hydrogen (H <sub>2</sub> ) 0 - 100% (LEL), catalytic combustion; methane (CH <sub>4</sub> ) 0 - 100% (LEL), catalytic combustion
<b>Sample gas supply</b>	
<b>Special features</b>	diffusion <ul style="list-style-type: none"> <li>- service access to test switch</li> <li>- test connectors for measurement of measuring signal</li> <li>- potentiometers for zero and span adjustment</li> </ul>
<b>Housing</b>	plastic, IP54, (CO <sub>2</sub> transmitter aluminium, IP65) splash proof
<b>Weight</b>	up to 325 g, depending on version (CO <sub>2</sub> transmitter: 980 g)
<b>Dimensions (HxWxD)</b>	98 x 120 x 50 mm, CO <sub>2</sub> transmitter: 125 x 80 x 60 mm (without connections)
<b>Voltage</b>	230 V AC or 24 V DC
<b>Approvals</b>	Company certified according to ISO 9001 CE-marked according to: <ul style="list-style-type: none"> <li>- EMC 2014/30/EU</li> <li>- Low Voltage Directive 2014/35/EU</li> </ul>
